Choose a Password

(Password should be something you can remember but not obvious for someone else to access your information)

★ It is very **important** that you **write down your password** and protect this information so no one else can access it. However, you will be able to access your file to change it or add to it.

★ From this point, you will simply enter information on yourself, work history, skills and the particular type of job for which you qualify.

★ Please fill out your **complete** work history, shifts you are available for, and the lowest wage you will accept, as well as the jobs you are seeking.

IMPORTANT NOTE:

If you do not complete your employment history, shifts you are available for, and the lowest wage you will accept, as well as the jobs you are looking for, you may not be notified about jobs for which you qualify.

Search for Jobs

Or

Go to:

Search Jobs without Registering

Your choices are:

[Advance Search](#)

? [by County](#) (shows map)

? [by Workforce Center](#) (shows map)

? [by Region](#) (shows map)

? [Statewide \(uses Advance Search\)](#)

After showing a map of Montana and you choosing the County, Workforce Center or Region, you will put in a brief description of the work you are looking for. These will all give you a short detail of the job.

However, it will not give you “**How to Apply**”, unless you are **Registered** with Job Service Workforce Center
